Dear Harold,

Enclosed is my 2-film piece. Thanks for your 1/15/84 comments, data, and criticisms. I don't know, off hand, anyone who wants a vintage Valient, but I will ask around. I had sent the copies of the stuff Ray sent me just in case you didn't have it; I didn't send the Weberman items because I thought them worthless considering their source (If you do want them, I'll send them).

Fensie wasn't Marcello's pilot for a time? What would be the "proof" that someone was a contract agent for CIA and where it be obtained? Aside from specific, individual cases (and aside from ~~P~~ Penn Jones' ~~co~~ excess) don't you agree that the intell. community silences people in clusters? or individual cases — Paisley, Mulcahey, Robertson, Lou Russell, ? Does Sylvia Meagher go to bat, in your view?

I had a call from Oliver Patterson and he sent me a big packet of stuff (because Ray told him I was not a ~~fan~~ fan of Blakey). Do you know anything about Patterson's role with HSCA or the Ray brothers? or about Patterson himself? Thanks.

Best Regards,

Phil
